

**Sue Morrow Elementary School
School Organizational Team Minutes
December 16, 2020
7:30 am**

The following members were present: Angel Giarraffa, Merridee Turner, Jaime Witte, Nina Johnson, and Melissa Galbraith.

Distance learning was discussed. The team decided that a site-based survey to gauge how students/families were adapting to distance learning would go out in January. It would be a short Google survey to give families an opportunity to voice their opinions as to whether there are any things the school can improve upon to make distance learning better.

Merridee Turner stated that 5th grade students are sad that they are missing out on the traditional 5th grade activities. She suggested that perhaps students could submit a video to their teachers. She will send the team a sample of such a video and Ms. Witte will see if it could be something that could be done on the elementary school level. Nina Johnson will look into activities specific for 5th graders to make their last year at Sue Morrow memorable. Virtual field trips were one suggestion. The Team feels that the assignments and workload on the students is going well.

Ms. Vasquez spoke about the purpose of the Multi-Disciplinary Leadership Team.

Ms. Witte went over the NCCAT goals of the school. NCCAT goals are embedded in the School Performance Plan which is on the school website.

Kindergarten teachers are testing out the ESGI program, which works towards building vertical alignment. They like the program and it may be offered to other grade levels.

The meeting was adjourned at 8:50 a.m.

The next meeting will be held on January 8, 2021.
